

SAVE YOUR HOME!

VOTE NO ON MEASURE SP

Measure SP will remove the 45 ft building height limit in certain zones of the City, allowing for existing apartment buildings to be **torn down** and replaced with taller, high-density apartment buildings.

If you live in one of the affected zones, you are at risk of displacement if Measure SP passes. **The City does not have a plan to protect us from mass evictions.** Please VOTE NO and encourage your neighbors to do the same if you want to continue living in South Pasadena.

DON'T LET DEVELOPERS AND REAL ESTATE INVESTORS KICK YOU OUT!
